

Family Heart Project

Catholic Schools Week

Due Monday, Jan 30th

As you know, we will celebrate Catholic Schools Week beginning Sunday, January 29th. Throughout this week, we remember and celebrate everyone that makes St. Francis Xavier the great place that it is: our students, teachers, staff, clergy, and our families. Without you - our families - there would be no SFX School!

To recognize and celebrate each St. Francis family, we are asking all families to create a heart that represents your family and what is important to you.

The oldest/only child in each family will bring home a heart that you should decorate and cut out. Please include your family name, family pictures, any symbols that represent your family, and anything else you would like to add. Be creative and make it colorful! Everything must fit onto the heart provided. All of the hearts will be displayed in the school throughout Catholic Schools Week and you will have the chance to come and see them outside of the gym and Xavier Room during our "Pastry with Parents" event next Monday and Tuesday mornings.

Please work on this together and make it a family activity. Then return it to the office by **Monday, January 30th**. We'd really like to have each St. Francis family represented. After all, it's each of your families joined together that truly make St. Francis Xavier the wonderful family that it is.
